New York Stock Market.

New York. Nov. 19.—A variety of influences depressed the stock market today. In some instances the reiteration of old bear arguments operated effectively. London was unpleasantly active as a seller of most of the international stocks and foreign advices in regard to the political situation renewed uneasiness. Gold engagements for to-morrow's steamer aggregating \$1,750,000 and well defined expectation of the shipment of at least \$1,000,000 additional on Thursday constituted another bear card. The news that the presidents of the Trunk line and connecting roads had ratified the New York Stock Market.

The selling pressure was general and was decided chiefly against the industrials and international shares.
